## London

In 2013, the British Government took the initiative in drawing up the 「**Global Nutrition for Growth Compact**」

## Tokyo

The Japanese Government declared to lead a public-private partnership, and also to **strengthen worldwide measures to improve nutrition** and to enhance global actions to improve nutrition toward **the Olympic and Paralympic Games Tokyo 2020.**

“Nutrition ” is referred in 12 goals

## Goal 2:

End hunger, achieve food security and **improved nutrition** and promote sustainable agriculture

## The Healthcare Policy

(Approved by Cabinet July 22, 2014)

In light of the fact that Japan and the UK affirmed in a joint statement their intention **to strengthen worldwide initiatives to improve nutrition in the lead-up to the Tokyo 2020**, the government will make use of Japan's outstanding R&D capabilities in the field of fortified foods and promote the overseas expansion of inclusive business and other business initiatives **via public-private partnerships** focused on improving nutrition across the globe, including in emerging and developing countries.
